DETAILED ACTION

1. This action is responsive to communications of application filed 1/09/2004.
2. The disposition of the claims is as follows: claims 1-25 are pending in the application.

Claims 1, 13 and 16 are independent claims.

3. Since this non-final office action is equivalent to another first office action, election/restriction is given as follows:

Election/Restrictions

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-15, drawn to an image analysis and conversion method/system, classified in class 345, subclass 600 and class 382, subclass 171.
 - II. Claims 16-25, drawn to text/graphics editor, classified in class 345, subclass 723, 732, 967, 178-FOR and class 382, subclass 309.

The inventions are distinct, each from the other because of the following reasons:

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Also because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

A telephone call was made to Mark S. Svat, (Reg. No. 34,261), on 3/15/2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant's response should include reason for claims 1-15 and 16-25 stand or fall together and why they are obvious over each other.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
